

PluginCommAPI

getCurrentFilePath

Copy page

Get currentopenedfilepath.

```
static getCurrentFilePath(): Promise<APIResponse<string>>;
```

Example

```
import { PluginCommAPI } from 'sn-plugin-lib';

/**
 * Get currentfilepath example.
 */
export async function exampleGetCurrentFilePath() {
  const res = await PluginCommAPI.getCurrentFilePath();
  if (!res.success) {
    throw new Error(res.error?.message ?? 'getCurrentFilePath call failed');
  }
  return res.result;
}
```
